Course Description

The ukulele is a small string instrument commonly associated with music from Hawaii. The instrument developed in the 1880s and is based on several small guitar-like instruments of Portuguese origin.

The ukulele is a cheap instrument to purchase and a relatively easy one to master. These factors, along with the quirkiness of the music produced, contribute to the ever growing popularity.

Sign up for our beginners' class and learn some basic chords and tunes, or enrol on the improvers' class to master your skills on this fun instrument.
